PROFESSIONAL SUMMARY

Data-driven Digital Marketing Specialist with over 8 years in e-commerce and distribution — including 3+ years of hands-on digital/performance marketing — spanning both B2B2C distribution (sourcing from manufacturing brands, distributing to consumers) and D2C brand ownership. Proven track record managing profitable Meta advertising campaigns end-to-end and translating platform analytics into measurable ROI. HubSpot Inbound Sales Certified. Professional working proficiency in English, with strong ownership and self-directed execution suited to fully remote, worldwide teams.

CORE COMPETENCIES

- Analytics & Reporting: Google Analytics 4 (certified), Meta Ads Manager / Meta Insights, cost-per-result & ROI analysis, performance dashboards
- Paid Media & Acquisition: Meta Ads (Facebook/Instagram), Google Ads (foundational), budget allocation, creative & audience testing
- Customer Lifecycle & Retention: repeat-purchase strategy, customer segmentation, Customer Lifetime Value (LTV), re-engagement messaging
- Email Marketing & Marketing Automation: HubSpot (Inbound Sales Certified), lifecycle messaging
- E-Commerce Operations: Shopee, TikTok Shop, Meta Shops — product listings, promotions, fulfilment coordination
- Independent Project Management: self-directed execution, process documentation, remote/asynchronous collaboration

PROFESSIONAL EXPERIENCE

Founder & Digital Commerce Manager

May 2022 – Dec 2024

Self-Employed — Champana (Linen Apparel E-Commerce & Social Commerce)

- Owned the full customer lifecycle for a D2C fashion brand — from paid acquisition through post-purchase engagement and repeat-purchase retention — with zero external funding.
- Planned and executed end-to-end Meta advertising campaigns (Facebook & Instagram), optimizing audience targeting, ad creatives, and bidding strategies; reduced cost-per-conversation to as low as \$0.50, generating 1,300+ qualified customer conversations within a single campaign cycle.
- Leveraged Meta Insights and e-commerce analytics to segment audiences and run targeted re-engagement campaigns, improving repeat-purchase rate and Customer Lifetime Value (LTV).
- Built and maintained a repeat-purchase program through personalized outreach and loyalty-driven promotions, sustaining positive business performance over 2.5 years.
- Managed budget allocation across paid channels independently, reallocating spend in real time based on performance data.
- Owned all operational and digital workflows independently — product listings, content scheduling, vendor coordination — establishing process documentation and coordinating asynchronously with suppliers in a fully self-directed environment.

Sales & E-Commerce Executive

2016 – 2022

SME Distribution Business — B2B2C E-Commerce (Retail) — grew from household business to formal corporation in 2019

- Joined in 2016 as the first employee of a household business and grew with it through formal incorporation in 2019, into a high-revenue distribution operation.
- Operated within a B2B2C model — sourcing products from large-scale manufacturing brands and distributing them to end consumers across multi-channel e-commerce platforms.
- Managed product listings, promotional campaigns, and customer acquisition activity, contributing to consistent year-on-year growth in online sales revenue.
- Analyzed sales and engagement data to identify retention trends and inform commercial strategy and loyalty decisions.
- Built long-term customer relationships through responsive, personalized communication — supporting repeat purchase and customer loyalty.
- Collaborated cross-functionally with manufacturing partners, operations, and fulfilment teams to align promotional activity with inventory and delivery timelines.

EDUCATION

Bachelor of Science – Finance & Banking | Hanoi Financial and Banking University | 2016

- Analytical foundations in financial modeling and performance analysis — applied directly to marketing attribution and ROI management.
